**GENERAL INSTRUCTIONS TO BIDDERS
FOR PUBLIC IMPROVEMENTS
CLERMONT COUNTY, OHIO**

Item Bid: Wilson Preserve Suspension Bridge

Bid Opening Date: November 14, 2024 at 10:00 AM local time.

All bids submitted for consideration by the Board of Park Commissioners must comply with these instructions in order to be considered. These instructions set forth minimum requirements as terms and conditions of the public improvement. Therefore, if any time frames, bid bond or other surety requirements set forth herein are in conflict with stated requirements in the specifications, the specification requirements shall prevail.

1. Bids shall be submitted in a sealed envelope marked accordingly with item(s) bid on and name of bidder and delivered in compliance with the Legal Notice. Any improperly marked bid will not be considered.
2. All bids must comply with the specifications attached hereto. Alternative bids may be considered only if clearly marked as such with an explanation as to how the item is sufficient to meet required needs.
3. All prices, quantities, etc. as bid must be firm for a period of 60 days from the date of the bid opening.
4. Each person bidding for a contract for the construction, demolition, alteration, repair, or reconstruction of any public improvement is required to file with his bid a bid guaranty in the form of either (1) a bond for the full amount of the bid or (2) a certified check, cashier's check, or letter of credit pursuant to Chapter 1305 of the Revised Code in an amount equal to ten percent of the bid pursuant to Section 153.54 of the Ohio Revised Code. The successful bidder at the time he enters into the contract shall be required to file a performance bond in the full amount of the contract pursuant to Section 153.54 (C) of the Ohio Revised Code. Letters of credit and bid bonds must be filed with original signatures. Facsimile and electronic copies of the letter of credit, bid bond and Power of Attorney of the Surety will be deemed non-responsive.
5. When analyzing the bids submitted, superior design, technology, workmanship, materials, size of component parts, operating cost, warranty, service facility etc. will be considered in addition to price. It is Clermont County Park District's intent to accept the bid for which a thorough analysis of the bids submitted proves to be the most suitable for the intended use.

6. Unless otherwise specified, all material shall be new and of the best grade in its particular line and all articles shall be complete and in first class condition. All work shall be done in the best and most skilled manner, exactly as specified or detailed, and shall be subject to the approval of Clermont County Park District Officials. When required in the specifications, bidders shall make available for inspection a sample or similar model of the bid item prior to the award of the bid.
7. Reference to a particular trade name, manufacturer's catalog or model number is made for descriptive purposes to guide the bidder in interpreting the requirements of the Park District. They should not be construed as excluding proposals on other types of materials, equipment, and supplies. However, the bidder, if awarded a contract, will be required to furnish the particular item referred to in the specifications or description unless a departure or substitution is clearly noted and described in the bid proposal.
8. All bidders are required to submit the following affidavits with their bid proposal and the successful bidder will be required to enter into a written contract with Clermont County Park District within ten (10) days of the notification of award thereof:
 - a. Non-Collusion Affidavit
 - b. Affidavit Affirming Compliance with 9.24 & 5719.042 ORC

These affidavits and specifications heretofore referenced shall be incorporated into and become a part of the contract document.

9. Every effort shall be made by the bidder awarded the contract to deliver items by or before the time designated in the contract. Any delinquency in such delivery without satisfactory written explanation directed to the Clermont County Park District may result in cancellation of the contract and substitution of other goods. The defaulting bidder shall be liable for any increased costs or expenses incurred as a result of such default.
10. In case of default by the bidder or contractor, Clermont County Park District may procure the articles or service from other sources without further advertising and shall hold the bidder or contractor responsible for any excess costs occasioned thereby, including any reasonable expenses incurred in procuring the articles or services.
11. Clermont County Park District is exempt from payment of Federal Excise Tax, Transportation Tax, and Ohio State Tax. Prices shall not include these taxes.
12. The Board of Park Commissioners reserves the right to waive any informalities, to reject any or all bids, to accept any bid which may be deemed to be for the best interest of the Clermont

County Park District and to hold such bids for a period of sixty days before taking any action thereon.

13. The Board of Park Commissioners further reserves the right to conduct such investigations and meetings as it deems necessary after receipt of bids to assist in the evaluation of any bid and to establish the responsibility, qualifications, and financial ability of the bidders, proposed sub-contractors, and other persons and organizations to do the work in accordance with the contract documents to the Clermont County Park District's satisfaction within the prescribed time limits.
14. Contractor hereby agrees to indemnify and hold the Clermont County Park District harmless from any claims, demands or losses of any type or nature to any person, bidder or corporation arising in any manner from the contractor's performance or failure to perform the work required under this contract and shall pay any judgment or liability obtained or growing out of said claims, liabilities or judgments, including reasonable attorney's fees and costs.
15. All materials and exhibits submitted in the bid response shall become the property of Clermont County Park District and will not be returned to the bidder. All bids received constitute public information as a matter of statutory law and will be made available for public inspection and copying upon request by members of the public pursuant to the requirements of Section 149.43 of the Ohio Revised Code. Any portion of the bid that the bidder requires to be treated as confidential in nature must be marked to that effect and provided that the information falls within an appropriate exemption enumerated under Section 149.43 of the Ohio Revised Code, that portion will not be considered public record. **A blanket indication of confidentiality or privilege will not be accepted and unless specific materials that fall within the appropriate statutory exemption are identified, the entire bid response will be treated as public record.**

6. Method of Bidding

The Owner invites the following bid:

Wilson Preserve Suspension Bridge

7. Qualifications of Bidder

The Owner may make such investigations as he deems necessary to determine the ability of the bidder to perform the work, and the bidder shall furnish to the Owner all such information and data for this purpose as the Owner may request. The Owner reserves the right to reject any bid if the evidence submitted by, or investigation of, such bidder fails to satisfy the Owner that such bidder is properly qualified to carry out the obligations of the contract and to complete the work contemplated therein. Conditional bids will not be accepted.

8. Bid Security

Each bidder is required, pursuant with Ohio Revised Code Section 153.54, to file with his bid a bid guaranty in the form of either:

7.1 A bond, for the full amount of the bid, prepared on the form provided herein and duly executed by the bidder as principal and having as surety thereon a surety company approved by the Owner. The Surety on such bond shall be a duly authorized surety company satisfactory to the Owner and Bidder must supply Certificate stating that Surety executing the Bond is authorized to do business in the State of Ohio.

7.2 A certified check, cashier's check, or letter of credit pursuant to Chapter 1305 of the Ohio Revised Code. Any such letter of credit shall be revocable only at the option of the beneficiary state, political subdivision, district, institution, or agency. The amount of the certified check, cashier's check, or letter of credit shall be equal to ten percent (10%) of the bid.

Bid security filed pursuant with this Section shall be returned to all unsuccessful bidders immediately after the contract is executed, or if no award has been made within the 60 days after the date of opening of bids, upon demand of the bidder at any time thereafter, so long as he has not been notified of the acceptance of his bid or extended the bid. The guaranty filed pursuant to this section shall be returned to the successful bidder upon filing of the bond required under Item 12 of this Section.

9. Liquidated Damages for Failure to Enter into Contract

The successful bidder, upon his failure or refusal to execute and deliver the contract and bonds required within ten (10) days after he has received notice of the acceptance of his bid, shall forfeit the bid bond or security as provided in Chapter 153 of the Ohio Revised Code.

2. Conditions of Work

Each bidder must inform himself fully of the conditions relating to the construction of the project and the employment of labor thereon. Failure to do so will not relieve a successful bidder of his obligation to furnish all material and labor necessary to carry out the provisions of his contract. Insofar as possible the contractor, in carrying out his work, must employ such methods or means as will not cause any interruption of, or interference with, the work of any other contractor; the Owner or his representatives, or services to private property.

3. Addenda and Interpretations

No interpretation of the meaning of the plans, specifications, or other pre-bid documents will be made to any bidder orally. Every request for such interpretation should be in writing addressed to Chris Clingman, Clermont County Park District, and to be given consideration must be received at least five days prior to the date fixed for the opening of bids. Any and all such interpretations and any supplemental instructions will be in the form of written addenda to the specifications which, if issued, will be mailed by certified mail and/or by facsimile with return receipt request to all prospective bidders and/or return facsimile (at the respective address and/or facsimile number furnished for such purposes), not later than three days prior to the date fixed for the opening of bids. Failure of any bidder to receive any such addendum or interpretation shall not relieve such bidder from any obligation under his bid as submitted. All addenda so issued shall become part of the contract documents.

4. Security for Faithful Performance

If the Contractor has furnished a cashier's check, letter of credit, or certified check as bid security, he shall furnish a surety bond or bonds in the amount of 100% of the bid simultaneously with his delivery of the executed contract, as security for faithful performance of this contract and for the payment of all persons performing labor on the project under this Contract and furnishing materials in connection with this contract, as specified in the General Conditions included herein.

If the Contractor has furnished a combination bid guaranty and contract bond, this bond shall become the security for faithful performance of this Contract and for payment of all persons performing labor on the project under this contract and for furnishing materials in connection with the Contract.

The surety on such bond or bonds shall be a duly authorized surety company satisfactory to the Owner and Bidder must supply Certificate stating that Surety executing the Bond is authorized to do business in the State of Ohio.

5. Power of Attorney

Attorneys-in-fact who sign bid bonds or contract bonds must file with each bond a certified and effectively dated copy of their power of attorney.

6. Laws and Regulations

The bidder's attention is directed to the fact that all applicable State laws, municipal ordinances, and the rules and regulations of all authorities having jurisdiction over construction of the project shall apply to the contract throughout, and they will be deemed to be included in the contract the same as though herein written out in full.

7. Obligation of Bidder

At the time of the opening of bids each bidder will be presumed to have inspected the site and to have read and to be thoroughly familiar with the plans and contract documents (including all addenda). The failure or omission of any bidder to examine any form, instrument, or document shall in no way relieve any bidder from any obligation in respect of his bid.

8. Non-Collusion Affidavit

The bidder shall execute the Non-Collusion Affidavit included in the specifications and submit with the bid proposal.

9. Affidavit in Compliance With ORC Sections 9.24 & 5719.042

The Bidder shall execute an Affidavit affirming compliance with Sections 9.24 & 5719.042 of the Ohio Revised Code. A copy of these proofs shall be attached to each copy of the contract.

Particular attention is called to the statutory requirements of the State of Ohio relative to licensing of corporations organized under the laws of any other state.

10. Workers' Compensation

12. Contract Execution

The party to whom the contract is awarded will be required to execute the agreement and obtain the performance bond and payment bond within ten (10) calendar days from the date when Notice of Award is delivered to the Bidder. The Notice of Award shall be accompanied by the necessary Agreement and bond forms. In case of failure of the Bidder to execute the Agreement, the Owner may at his option consider the Bidder in default, in which case the Bid Bond accompanying the proposal shall become the property of the Owner.

In paying any unpaid bills of the Contractor, the Owner shall be deemed the agent of the Contractor and any payment so made by the Owner shall be considered as a payment made under the contract by the Owner to the Contractor and the Owner shall not be liable to the Contractor for any such payment made in good faith.

AS PER PLAN DESIGNATION PN 033 - 4/18/2008

For the last several years the “As Per Plan” designation has been added to some item descriptions in the proposal to assist the Contractors to easily identify standard items that have been altered by plan notes.

The “As Per Plan” designation has proven to be a very useful tool for the Contractors. However, its use was never intended to relieve the Contractors of their responsibility to read, bid and construct all items in accordance with all governing plan notes. Therefore, the absence of an “As Per Plan” designation on some item descriptions in the proposal for which there are clear and controlling plan notes does not relieve the Contractors of the responsibility to read, bid and construct those particular items in accordance with the governing plan notes.

Be advised that the item descriptions in the bidding proposal must be read or interpreted with the governing plan notes and the Construction and Material Specification Manual. A claim based upon an “order of precedence” basis will be denied. In the event that a conflict, either real or perceived, exists between the item description and the governing plan note, the Contractors are to request clarification through the pre-bid process.

NATIONWIDE PERMIT NO. 42 VERIFICATION

Chris Clingman
Clermont County Parks District
2156 US Highway 50
Batavia, Ohio 45103

Dear Chris Clingman:

I refer to the pre-construction notification (PCN) submitted to our office concerning the Wilson Nature Preserve Bridge and Trail Project. The proposed project is located within a section of the East Fork of the Little Miami River within the Wilson Nature Preserve and Sycamore Park in Batavia Township, Clermont County, Ohio (39.0637 latitude, -84.1811 longitude). Waters on site consist of a section of the East Fork Little Miami River, a traditional navigable water of the United States. We have assigned the following file number to your PCN: LRH-2023-897-ELM-East Fork Little Miami River. Please reference this file number on all future correspondence related to this subject proposal.

The United States Army Corps of Engineers' (Corps) authority to regulate waters of the United States is based on the definitions and limits of jurisdiction contained in 33 CFR 328 and 33 CFR 329. Section 404 of the Clean Water Act (Section 404) requires a DA permit be obtained prior to discharging dredged and/or fill material into waters of the United States, including wetlands. Section 10 of the Rivers and Harbors Act of 1899 (Section 10) requires a DA permit be obtained for any work in, on, over or under a navigable water.

In the submitted PCN materials submitted to this office, you have requested DA authorization for the temporary discharge of approximately 416 cubic yards of dredged and/or fill material into approximately 50 linear feet (0.086 acre) of the East Fork of the Little Miami River to accommodate the installation of temporary access fill to facilitate the installation of pedestrian span bridge. The temporary access fill will consist of an aggregate causeway placed across the East Fork Little Miami River where two (2) suspension bridge abutments will be placed. The applicant will also install necessary culverts and/or maintain a section of the channel open to allow for proper flow requirements. All temporary fill material will be removed when the project is complete, and the area would be returned to preconstruction conditions. All work will be conducted in accordance with the drawings provided and as submitted with the PCN materials.

Based on your description of the proposed work, and other information available to us, it has been determined the proposed discharge of dredged and/or fill material into waters of the United

States in conjunction with the proposed project meets the criteria for Nationwide Permit (NWP) No. 42 (enclosed) under the January 13, 2021 Federal Register, Reissuance and Modification of NWPs (86 FR 2744) provided you comply with all terms and conditions of the enclosed material and the enclosed special conditions. Please be aware this NWP verification does not obviate the requirement to obtain any other federal, state, or local assent required by law for the activities. This letter does not grant any property rights or exclusive privileges or authorize any injury to the property or rights of others.

This verification is valid until the expiration date of the NWPs, unless the NWP authorization is modified, suspended, or revoked. The verification will remain valid if the NWP authorization is reissued without modification or the activity complies with any subsequent modification of the NWP authorization. The 2021 NWPs published January 13, 2021 in the Federal Register (86 FR 2744), are scheduled to be modified, reissued, or revoked on March 14, 2026. Prior to this date, it is not necessary to contact this office for re-verification of your project unless the plans for the proposed activity are modified. Furthermore, if you commence or under contract to commence this activity before March 14, 2026, you will have twelve (12) months from the date of the modification or revocation of the NWP to complete the activity under the present terms and conditions of this NWP.

A copy of the NWPs and this verification letter must be kept at the site during construction. Upon completion of the activities authorized by this NWP verification, the enclosed certification must be signed and returned to this office. If you have any questions concerning the above, please contact Mr. Andrew Wendt of the North Branch at 513-825-4518, by mail at the above address, or by email at andrew.j.wendt@usace.army.mil.

Sincerely,

1. All work will be conducted in accordance with the drawings provided and as submitted with the PCN materials.
2. Enclosed is a copy of Nationwide Permit 42, which will be kept at the site during construction. A copy of the nationwide permit verification, special conditions, and the submitted construction plans must be kept at the site during construction. The permittee will supply a copy of these documents to their project engineer responsible for construction activities.
3. Work activities will be performed during low flow conditions to the greatest extent practicable. Additionally, appropriate site specific best management practices for sediment and erosion control will be fully implemented during construction activities at the site.
4. No area for which grading has been completed will be unseeded or unmulched for longer than 14 days. All disturbed areas will be seeded and/or revegetated with native species and approved seed mixes (where practicable) after completion of construction activities for stabilization and to help preclude the establishment of non-native invasive species.
5. Should new information regarding the scope and/or impacts of the project become available that was not submitted to this office during our review of the proposal, the permittee will submit written information concerning proposed modification(s) to this office for review and evaluation, as soon as practicable.
6. In the event any previously unknown historic or archaeological sites or human remains are uncovered while accomplishing the activity authorized by this nationwide permit authorization, the permittee must cease all work in waters of the United States immediately and contact local, state and county law enforcement offices (only contact law enforcement on findings of human remains), the Corps at 304-399-5210 and Ohio State Historic Preservation Office at 614-298-2000. The Corps will initiate the Federal, state and tribal coordination required to comply with the National Historic Preservation Act and applicable state and local laws and regulations. Federally recognized tribes are afforded a government-to-government status as sovereign nations and consultation is required under Executive Order 13175 and 36 CFR Part 800.
7. The project site lies within the range of the Indiana bat (*Myotis sodalis*), a federally-listed endangered species, the northern long-eared bat (*Myotis septentrionalis*), a federally-listed threatened species, and the tricolored bat (*Perimyotis subflavus*), a proposed federally-listed endangered species. Several factors have contributed to the three species decline, including habitat loss, fragmentation of habitat and the disease White Nose Syndrome. During winter, the three bat species hibernate in caves and abandoned mines. Suitable summer habitat for the Indiana bats and the northern long-eared bats consists of a wide variety of forested/wooded

habitats where they roost, forage, and travel and may also include some adjacent and interspersed non-forested habitats such as emergent wetlands and adjacent edges of agricultural fields, old fields and pastures. This includes forests and woodlots containing potential roosts (i.e., live trees and/or snags ≥ 3 inches diameter at breast height (dbh) that have any exfoliating bark, cracks, crevices, hollows and/or cavities), as well as linear features such as fencerows, riparian forests, and other wooded corridors. These wooded areas may be dense or loose aggregates of trees with variable amounts of canopy closure. Individual trees may be considered suitable habitat when they exhibit the characteristics of a potential roost tree and are located within 1,000 feet (305 meters) of other forested/wooded habitat. The permittee will preserve wooded/forested habitats exhibiting any of the characteristics listed above wherever possible. Should suitable habitat be present that cannot be saved during construction activities, any trees ≥ 3 inches dbh will only be cut between October 1 - March 31.

8. Section 7 obligations under Endangered Species Act must be reconsidered if new information reveals impacts of the project that may affect federally listed species or critical habitat in a manner not previously considered, the proposed project is subsequently modified to include activities which were not considered during Section 7 consultation with the United States Fish and Wildlife Service, or new species are listed or critical habitat designated that might be affected by the subject project.
